Skills  
Proficient in

MERNStack.HTML, CSS,  
JavaScript, NodeJS. JIRA,  
Tableau, GitHub, MATLAB,  
SQL(Oracle), Linux (kali,  
centos, Ubuntu,  
Matesploitable, Windows7)

Final Year Project

To create a platform  
efficient enough to assist a  
patient as well as the  
people involved in health  
care sector. This System will  
create a bridge of  
communication between  
the doctor and a patient.

Web App is based on MERN  
Stack technology

Our front end is following  
HTML, CSS and Bootstrap  
whereas our backend is  
based on Mongo DB using  
NodeJS.
